Sainik Awasiya Mahavidyalaya
2016-2022

Bachelor in Information Technology
Informatics College Pokhara
2024 -

SKILLS

Management Skills

Creativity

Digital Marketing

Negotiation

Critical Thinking

Leadership

LANGUAGE

- English
- Nepali
- Hindi

EXPERIENCE

Software Developer *2020 – 2022*
In IT tech Solution

- My experience as a developer encompassed designing web-based applications through collaboration with other developers by implementing Java and JavaScript technologies. I attended all Agile development stand-up meetings and sprint planning sessions while working as a developer. The backend development and API creation that I worked on to enhance system processing resulted in a 20% efficiency boost. My work included producing neat code that followed documentation standards while doing voluntary review sessions to check for maintainability. During my time I gained practical knowledge in using version control systems including Git and learned to work with MySQL databases and deployment systems.

In Sewa Chautari *2022-2024*

- My experience as a developer encompassed designing web-based applications through collaboration with other developers by implementing Java and JavaScript technologies. I actively took part in daily stand-ups and sprint planning meetings while working in an Agile development framework. The backend development and API creation that I worked on to enhance system processing resulted in a 20% efficiency boost. My work included producing neat code that followed documentation standards while doing voluntary review sessions to check for maintainability. During my time I gained practical knowledge in using version control systems including Git and learned to work with MySQL databases and deployment systems.
