

Dear Hiring Manager,

RE: Work Experience Opportunity in Web Development at Molex

I'm writing to express my interest in gaining work experience at Molex, a company I admire for its innovative and global impact in technology. As a passionate web development student, I'm eager to contribute to my skills in HTML, CSS, JavaScript, and python to real-world projects that make a difference.

I have worked on projects involving responsive design and user-focused applications, and I'm constantly learning and building. The chance to be part of Molex's forward-thinking team would be a dream come true.

I would love the opportunity to learn, enhance and contribute to Molex. I'm available to start from December 15, 2025 and would be happy to provide any additional information you need.

Thank you for your time and consideration

Yours sincerely,

Sandesh Sunar.
